Don't Miss Out on these Upcoming Workshops!

Qualified Individual (QI) Workshop

Overview
Are you prepared for a spill? Oil spills occur everyday and require training and knowledgeable decision making skills to have a successful response. Our QI Spill Response Workshop is designed to prepare the QI to manage any incident as the designated QI and/or On-Scene Incident Commander and to understand the impact to economic and environmental resources.

Register Here

During this course, you will learn the expectations of Federal, State, and Local officials and how to navigate the challenges of working with multiple agencies and jurisdictions. It will also focus on the skills needed to ensure response resources and appropriate actions identified within your company's response plan are completed in a timely and efficient manner.

When and Where
June 10-11, 2009 at the O'Brien'sRM Training Center, 6620 Cypresswood Drive, Spring, TX 77379

Enrollment Fee
$895/Person. Includes Presentation, Handbook, ERG, and Lunch

Facility Security Officer (FSO) Workshop

Overview
This FSO course meets 33 CFR 105 (USCG) and 49 CFR 172 (USDOT) and will provide all attendees with basic facility security measures and information, in addition, Facility Security Officers (FSOs) are provided a more in-depth level of training that focuses on Facility Security Planning, assessing risks and vulnerabilities, threat identification and security equipment and systems. Pick from three (3) different training levels based on your roles and responibilities at your facility.
