Upcoming Workshops from O'Brien'sRM Training Center

Hurricane Preparedness and Response Workshop

As hurricane season approaches, please join us at our annual Hurricane Preparedness and Response Workshop. This workshop is designed to help prepare your facility in the event of a hurricane and how to respond in the aftermath. This workshop will bring together Industry Experts, Safety Professionals, Emergency and Crisis Management Professionals, as well as Federal, State, and Local agencies to examine the basics of hurricane planning and industry insights on preparedness. The discussion will address key components of a comprehensive preparedness program, including:

- Area Hurricane Plans and the 2009 Hurricane Season
- Planning and Preparedness
- Training, Exercises, and Planning for Logistical Issues
- Response and Recovery

Why Attend?

- Gain information on the area's latest hurricane plans, upcoming hurricane season predictions and how they could affect your facility
- Learn key components of a comprehensive preparedness program
- Discover how business continuity and recovery programs can empower your business
- Network with Industry and Government Professionals
